Inventory of the Photograph Collection, 1926-2005

Contains photographic images of people, construction and buildings, educational activities, events, and technology of the Duke University Medical Center and affiliated people and places of off-site DUMC entities. Also contains photographs appearing in the publications the Intercom (1979-1986) and Perspectives (1980-1991). Materials were created by various Duke University photographers, including staff in the Division of Educational Medial Services and Duke Photography; individuals; and the United States government.

Inventory of the Photograph Collection, 1926-2005

Series 5.
Intercom
Photographs, 1979-1986.

The Duke University Medical Center publication the *Intercom* circulated on a weekly from 1953 until 1986, providing employees with weekly news about various Medical Center topics, including research findings and parking and construction updates. In 1986, *Intercom* merged with the *Faculty Newsletter* and *This Week at Duke* to become *Duke Dialogue*.

The photographs in this series appeared in the *Intercom* between 1979 and 1986. The collection is incomplete, as it does not contain all photographs from every issue. During some years, the *Intercom* ceased publication during the summer.

Issues of the *Intercom* can be found in the Duke University Medical Center Archives' Publications Collection.
